LOCKHART ASSET MANAGEMENT

FACTSHEET

LOCKHART ASSET MANAGEMENT

Multi-Asset Stewardship Fund

As at 31 July 2025

FUND OBJECTIVE

The Multi-Asset Stewardship Fund's objective is to deliver a total return through a combination of capital growth and income over the long term (5 years+), primarily through investments which meet sustainable investment criteria, such as those defined by the Global Sustainable Investment Alliance (GSIA). It aims to do this by investing in a diversified portfolio of equity and fixed interest funds via active, factor and passive strategies.

FURTHER INFORMATION

- The investment team will consider underlying funds that meet a single sustainable criterion but will prioritise those that meet multiple criteria or provide significant positive impacts. When choosing between equally attractive options from an investment perspective, the manager will favour the fund with the greater positive impact from a sustainability perspective.
- The GSIA's sustainable criteria include factors such as negative/exclusionary screening, which excludes harmful sectors like tobacco or thermal coal, and positive/best-in-class screening, which selects investments with superior sustainability credentials. It also includes criteria which assess investments against international standards, and others which encompass themed investing, focusing on areas such as clean energy and impact/community investing.
- The investment team leverages Pacific Asset Management's extensive experience and research capabilities in sustainable investments. The Pacific Responsible Investment Committee, led by Chief Sustainability Officer Will Thompson, provides comprehensive monitoring, research, and selection services to ensure robust and responsible investment decisions.

INVESTMENT TEAM

Before co-founding Lockhart Capital Management in 2016, Andrew Wilson our Chief Investment Officer led and managed a hugely successful discretionary investment service for a large national wealth management firm.

He is joined by Robert Seachoy who is responsible for day-to-day portfolio management and risk analysis, the pair having worked together for over seventeen years.

The team is complemented by Head of Fund research, Wee-Tsen Lee, who is responsible for identifying and monitoring best-in-class investments.

Andrew Wilson, CAIA
